

AD CLUBS TO MEET IN INDIANAPOLIS

First Steps Toward Organization of Pan-American Division Taken at New Orleans.

IS FAVORED UNANIMOUSLY

Herbert Houston Declares Such a Branch Needed for Censoring Advertisements.

NEW ORLEANS, Sept. 22.—Indianapolis was chosen unanimously here tonight as the 1920 meeting place for the annual convention of the Associated Advertising Clubs of the World. Selection was made by the presidents and former presidents of advertising clubs of the association.

First steps toward the organization of a Pan-American division of the Associated Advertising Clubs of the World were taken today at the annual convention of the advertising men with appointment of a committee representing eight nations to draft plans for submittal Wednesday.

The motion for the creation of the Pan-American division was adopted unanimously, following an address by Herbert Houston, New York, publisher of *La Revista del Mundo*, who declared such an organization was needed for censoring advertisements and promoting friendly relations between the two Americas. The committee follows:

Mexico, Felix F. Palavicini, publisher; El Universo, City of Mexico; Cuban, Wilkes-Messing, editor; San Salvador, Argentina, Enrique Gil; Buenos Aires, Nicaragua, R. Encinas; Costa Rica, Lamir Quintero, consul general, New Orleans; Honduras, B. Cosio; Peru, J. V. Neal, New York; United States, Herbert Houston, who was made chairman.

Mr. Palavicini, the Mexican publisher, declared in an address he believed firmly in the league of nations covenant. Mexico is willing and disposed, he said, to co-operate with the United States and Latin America. He knows the people of the United States are not vulgar and dollar loving as they have been painted.

AD MEN ADOPT RESOLUTION IN FAVOR OF PEACE TREATY

NEW ORLEANS, Sept. 22.—A resolution pledging faith in the peace treaty and league of nations covenant and urging their speedy ratification in the senate "without amendment or reservation" was adopted today by delegates to the fifteenth annual convention of the Associated Advertising Clubs of the World.

The resolution, introduced by James Schermerhorn, editor and publisher of the Detroit Times, was adopted on a rising vote. Speeches in opposition were made. A prolonged demonstration followed the vote.

MANY ATTEND STATE NORMAL

Special Train Has Been Chartered to Attend Fair on Wilson Day.

DUKE, Sept. 22.—The enrollment of the Southwestern State Normal school at the end of the first week was 551, which is the largest fall term enrollment in the history of the school. There are several reasons for this large enrollment. Crop conditions are good in this section of Oklahoma, and there are a great many young men in school who have been service overseas.

This normal school will be well represented at the Oklahoma state fair Friday, when President Wilson will address the Oklahoma people. A holiday has been declared and several special cars have been engaged to carry the normal students to Oklahoma City, via Ardmore, and they will be attached to the southbound Santa Fe Friday evening from Oklahoma City. This arrangement has caused a large delegation from the normal school and Duran to decide to make the trip.

Kolchak Resigns Post in Favor of Denekine Says Russian Dispatch

LONDON, Sept. 22.—Admiral Kolchak, head of the all-Russian government at Omsk, has resigned the allies that he resigns the title of chief ruler in favor of General Denekine, leader of the anti-Bolshevik forces in southern Russia, according to a wireless dispatch sent out by the Soviet government at Moscow.

The message admits the Bolsheviks have abandoned Kursk after severe fighting against General Denekine's troops.

wounded. Several other persons suffered minor bruises.

Wading into a crowd at the entrance of the Carnegie company's plant at Homestead, after it had refused to disperse, state troopers fired, killing two men and turning them over to the Homestead police.

At Clairton tonight state troopers were called to break up a gathering of steel workers near a steel plant. Two arrests were made and the crowd dispersed. Earlier in the day the troopers and a crowd were in a clash in which 14 persons were arrested. Two men were severely injured in an outbreak which occurred at the entrance to the Farrell, Pa., plant of the American Steel & Wire Co. this evening during the change of shifts.

Although there were no serious outbreaks in McKeesport during the day, state troopers dispersed crowds of men that congregated on street corners. Seven were arrested. Among them were John Patterson, vice-president of the Brotherhood of Italian Steel Workers, and P. L. Bonham, vice-president of the Pittsburgh central labor union. They were charged with disorderly conduct. Chief of Police Bedding said he ordered the arrests of these men, for he believed it was their intention to hold a mass meeting near the city line.

The city council of McKeesport tonight adopted a resolution giving Mayor George H. Lytle full authority to use "any judgment" in handling the situation.

A crowd of men attempted to intimidate steel workers at the entrance of the Duquesne, Pa., plant of the Carnegie Steel company tonight, during the change of day and night shifts. They were dispersed by Duquesne police. Eight men were arrested.

The first fatality to result from the strike in Farrell occurred tonight, when Alexander Hus was killed by a fellow hoarder because he had not struck with other men employed in the plant of the National Malibank Casting company. He was struck over the head with a hammer.

The East Liberty post of the American Legion tonight adopted a resolution declaring that if that necessity arises it will offer its services to the state authorities to aid in maintaining law and order during the present emergency. The post is one of the largest in the Pittsburgh district.

the wish it would be enforced. Treaties previously have been considered in executive session but that custom was abolished so far as the pending pact is concerned. The suggestion came from many members, however, that it might be necessary to close the galleries if another demonstration like that today was attempted.

TULSANS GET HAND AT AD CONVENTION

G. A. O'NEIL Puts on War Paint Leads Delegation Into Meeting During Applause.

Special to The World

NEW ORLEANS, Sept. 22.—"Great Indian" from Tulsa was the feature of the convention of the Associated Ad Clubs of the World here yesterday. Garbed in the complete costume of an Indian chief, with the war paint and all the trimmings, G. A. O'Neill of Tulsa, Okla., paraded the streets followed by crowds of curious pedestrians and excited children.

When he entered the monster convention Monday the crowd roared its applause.

With their Tulsa yell and songs the live wire delegation from the oil city was the sensation of the gathering. The Tulsa boosters are putting across their advertising for their town than any other delegation of ad men at the convention was conceded by all present.

Arriving at New Orleans Sunday the Tulsa delegation was met by a party headed by George A. Moss, brother of one of the Tulsa representatives. They were the guests of local ad men at a greater party and dinner Sunday evening.

The Tulsa delegation is composed of the following: J. E. Abbott, E. A. Giese, E. S. Horn, G. Y. Vandever, L. D. Grauer, W. D. Moss, A. H. Weitz, A. G. O'Neill, N. B. Guelther, G. N. Hanson and N. M. Butler and son Billie.

One of the delegates, D. D. Bailey, failed to get away with the rest of the party but arrived here today with his wife. He offered his resignation Saturday as the excuse for his delay and will spend his honeymoon at the convention.

GALLERIES CHEER ATTACK BY REED AGAINST LEAGUE

CONTINUED FROM PAGE ONE

The principal part of Senator Reed's speech was an argument against the league covenant, with a bitter assault on the clause giving Great Britain six votes in the league assembly to one for the United States. President Wilson was sharply and severely attacked by Senator Reed, who asserted he had counseled with King to transfer to them the sovereignty Washington had won with the sword.

It was 6 o'clock when Senator Reed concluded his address and the original plan to proceed with formal reading of the treaty was abandoned. There was some uncertainty as to how far the reading might proceed tomorrow, and it was intimated
